Kids on the Prairie is a dynamic and educational experience for children and their adult family members to explore and appreciate the wonders of nature. Guided by experienced volunteer educators and naturalists, participants embark on short hikes through the scenic grounds and trails of Holy Wisdom Monastery. These hikes offer a hands-on opportunity to learn about the diverse flora and fauna, fostering a deeper connection with the environment.

This free event is open to the public, providing an inclusive space for families to bond over shared discoveries in nature. Each session promises a unique and engaging experience that highlight different aspects of the natural world. These activities not only educate but also inspire a sense of wonder and stewardship for the environment.

Held on Sunday mornings, Kids on the Prairie offers a perfect weekend

activity for families looking to spend quality time outdoors.

The program runs from 10:30 am to 12:00 pm, starting with a welcome and introductions at the kiosk in the upper parking lot by the monastery building.

Join us at Holy Wisdom Monastery to create lasting memories & nurture a love for nature.
